

Motion Conference

What: Motion Conference is a 3 day event consisting of services where students, 6th grade - college age, will engage in worship, and will hear from multiple speakers & artists. There will also be breakout sessions where students will engage with other students around their age. We will leave the church early on Thursday morning. There is one Thursday night session. Friday will be broken up into multiple sessions throughout the entire day. We believe that Motion Conference is a very important conference for young people to attend. We believe that it acts as a catalyst to help students see how important it is to worship, build life-giving relationships, and how to get them involved in serving their communities.
